External Reference

1. The Management of **Health and Safety** at Work **Regulations** 1999. Advice and Guidance: Health and Safety. ICMP has developed practices and processes to ensure that there are appropriate procedures for reducing the risks of injury to staff and students.

1. GENERAL STATEMENT

- 1.1. The Health and Safety team will plan, co-ordinate, control and monitor the activities of contract companies to effectively minimise the risks presented to our own employees, or other persons on our premises and the general public.
- 1.2. We share a duty of care with contractors to ensure that all reasonable practical precautions are taken to safeguard both groups of employees, students and other persons on our premises. We will collaborate with our contractors to ensure that our duties are fulfilled, and we will share information on risks and precautions. Wherever possible these will be set out in the contractual arrangements.

2. SELECTION OF CONTRACTORS

- 2.1. The Health and Safety team is responsible for the selection, approval and induction of all contractors on ICMP premises and will keep a record of approved contractors.
- 2.2. Contractor's policies will be reviewed every two years by the Health and Safety team.
- 2.3. Contractors will not be permitted to enter our premises without the approval of a member of the Facilities Team.

3. CONSULTATION, LIAISON AND SAFETY PROCEDURES

- 3.1. When a contractor is engaged to work on ICMP premises the responsibility for safe working needs to be clearly allocated, accepted and understood by all involved ICMP staff and the contractors' personnel.
- 3.2. Health and Safety team is responsible for arranging the exchange of all relevant information arising from risk assessments and emergency procedures.
- 3.3. The Health and Safety team is responsible for arranging the assessments. The degree of induction and control exercised over our contractors will be determined upon the degree of risk indicated by the assessment.

4. PERMIT TO WORK

- 4.1. ICMP operates a permit to work system as part of a safe system of work. The process and forms are found in the permit to work folder held in the facilities office.

5. HAZARDS

- 5.1. We will identify any hazards of our premises and notify the contractors accordingly, together with the results of our assessments.
- 5.2. Similarly, our contractors must notify us of any hazardous materials and operations they expect to be involved in the contract.

6. SUPERVISION AND CO-ORDINATION

- 6.1. Supervision of all contractors' employees and work is the responsibility of the contractor.
- 6.2. However, Health and Safety team is responsible on behalf of ICMP to plan, coordinate, control and monitor contractors.

7. WORK EQUIPMENT

- 7.1. All equipment brought onto our premises by contractors must be to an acceptable standard.
- 7.2. Proof of testing of equipment subject to statutory inspection must be obtained from contractors prior to work commencing.
